Prudential Structured Settlements

Choose a more secure financial future

When settling your physical injury or workers' compensation claim, you may have concerns about how you will manage a lump sum settlement and whether you will be able to make it last for your lifetime or cover future expenses.

A structured settlement can help

A structured settlement allows you to receive all or a portion of your settlement in the form of future periodic payments rather than as a single lump sum. A structured settlement consultant will help you design a payment plan that is tailored to meet the immediate and future needs of you and your family.

These guaranteed and income tax-free* payments can be made for a fixed period or your lifetime and may include lump sums. These payments may be used to cover things like living expenses, medical and educational expenses.

A structured settlement can help you achieve financial security and peace of mind by ensuring that payments will be there when needed most.

Tailored options to meet your needs

Prudential offers several different types of payment options, so you can design a solution that supports your life today—and your plans for tomorrow.

Payment type*	How it works
Period Certain	Payments are guaranteed for a specific period.
Lifetime	Guaranteed for your lifetime, or the lifetime of two individuals (e.g., spouses, domestic partners). May also include a period certain.
Lump Sum	Guaranteed lump sum payments that are paid on specified future dates.

Payment frequency

You can choose to receive payments monthly, quarterly, semi-annually, or annually.
