

Accident and hospital indemnity insurance: The unexpected costs of an accident, or hospital stay may be surprising. Even with a good medical plan, you may still have out-of-pocket expenses—from deductibles, co-pays, and other costs. You don't have to coordinate these benefits with any other coverage. The amount you receive is in addition to other benefits you may have. Accident and hospital indemnity insurance, issued by The Prudential Insurance Company of America (Prudential), can help you manage these expenses, so you can focus on getting well.
