[1]Annual Fee Schedule

- Non-qualified accounts will be charged their first annual fee two months after the account is established. The next year's annual fee will be charged during the month of the anniversary of your account opening 10 months later. All subsequent annual fees will be charged in the anniversary month. For example, an account established in December 2018 will have the first annual fee charged in February 2019, the next annual fee charged in December 2019 and the subsequent annual fees charged in December of each year. The fee will automatically be deducted from the balance in your account on or about the 26th day of the month.
- Annual IRA Custodial Fees are charged in November of each year for that calendar year. You will be notified via a message on your September statement. The fee will automatically be deducted from the balance in your IRA if no payment instructions are received by the payment due date indicated in the notice. Any fee received after the account has been charged will be coded as a contribution.

[2]Fees will be waived for COMMAND Brokerage Portfolio accounts that meet the following requirements.

[6] In the event that your account is terminated or transfers to another firm, a termination or transfer fee and any outstanding annual fees, including the current year's annual fee, if applicable, ("combined fee") shall be due and payable on the date of the termination or transfer. These fees may appear as multiple account activity entries on your statement. Accounts receiving annual fee waivers are subject to these combined fees upon termination/transfer.

[7] Certain mutual fund families and individual mutual funds may be subject to an additional $ 10 mutual fund surcharge. The fund families and funds subject to this fee and the amount of the fee are subject to change without notice. For clarity, any account established in connection with a PFPS wrap fee program is not subject to this fee, as trading fees for all securities transactions effected by Pruco Securities, LLC through National Financial Services, LLC are included in the applicable program's wrap fee.

[8] Pruco Securities charges a postage and handling fee of $5.25 on purchases of Mutual Funds, sales of Unit Investment Trust (UIT) and Certificates of Deposit (CDs), purchases and sales of Equities, ETFs and Bonds. Exempt from this fee will be rebalances or exchanges within the same mutual fund family, mutual fund dividend reinvestments, mutual fund transactions done through automatic investment plans or systematic withdrawal plans, UIT purchases and rollovers, and maturities of CDs. Transactions in PruChoice®, PruStrategist Portfolios ® (PSP), and PruUMA® programs are also exempt from this fee.

[9] Please note: Not all transfers can be processed through ACATS. An ACATS transfer is a full transfer of assets in a customer's account between institutions that are eligible members of the National Securities Clearing Corporation (NSCC) or the Depository Trust & Clearing Corporation (DTCC). Both accounts must be registered exactly the same.

[10] Client will be billed quarterly, based on the number of enrolled accounts. Accounts enrolled for part of the quarter will be billed a pro-rated amount based on the number of days enrolled but will not exceed the annual rate of $250.
