New Business Submission—Important Planned Enhancements

With over 150 years of life insurance industry experience, Prudential continues to maintain a strong focus on Term Life Insurance.

When we launched our EssentialTerm suite last year, we did so on a brand-new administration platform. This transition has already delivered efficiencies and sets the stage for even greater capabilities. While change can bring complexities, we are confident these enhancements will lead to an improved experience. Our teams are actively implementing plans to deliver continued improvements in the coming months.
