Article 2. Scope of application

2.1. This Policy describes, among other items:

1. the terms under which the Registry can reserve, register, delegate and use Domain Names, in accordance with Article 2.6, second sentence of the Registry Operator Agreement;
2. how such Applications can be submitted to the Registry during the different Phases devised by the Registry, as well as how the Registry will deal with Domain Name Registration requests, if the Registry would allow at a certain point in time and at its sole discretion one or more affiliate third parties to register one or more Domain Names, by liberalizing the initial Eligibility Requirements (*i.e.* the Launch of the .pru TLD);
3. the way in which such Applications will be processed and validated by the Trademark Clearinghouse Operator;
4. the rules under which Applications or subsequent Domain Name Registrations may be challenged; and
5. in general, all the technical and administrative measures that the Registry shall use to ensure proper, fair, technically sound administration of the .pru launch and the preservation of the integrity of the Registry's trademarks, setting out the basic rules and procedures applicable to:
 - Applicants or anyone submitting an Application in its own name or on behalf of a third party with the Registry;
 - the Registry;
 - the Accredited Registrars;
 - any party in whose name a Reconsideration Request is submitted;
 - any person or entity interested in obtaining a Domain Name.

2.2. In order to ensure a proper, fair, technically sound administration of the Launch of the .pru TLD, the Registry has put in place the processes and procedures described in this Policy, which will apply to Applications and/or Domain Name Registrations effectuated within specific timeframes set by the Registry.

2.3. The Registry may change these Policies, including the conditions and requirements contained herein at its sole discretion, which changes will enter into effect immediately following the publication thereof on the Registry Web Site, unless provided otherwise in writing.

Article 3. Eligibility

3.1. In order to be eligible to submit an Application or maintain a Registration in the .pru TLD, the Applicant or Registrant must meet any and all of the criteria set out in the Eligibility Requirements as set out in Appendix 2 below. The Registry shall be entitled to modify these criteria at its sole discretion, without any prior notification. These new criteria entering into force following publication on the Registry Web Site unless stated otherwise in the Eligibility Requirements.

3.2. If and when the Registry will allow third parties other than the Registry to register Domain Names, it will develop and publish further practical details on such launch, if it deems fit.

3.3. The Registry shall be entitled, at its sole discretion, to reject, revoke, temporarily or permanently suspend, delete or cancel at any time any Application or resulting Domain Name Registration if it appears that the Applicant did not fulfil the requirements set out in the Policies at the time of receipt of the corresponding Application by the Registry. This includes, without limitation, situations where the Registry receives a notice given by a government or judicial body, indicating that said Application, Domain Name Registration or the content provided thereunder is considered defamatory, contrary to public order or morality or otherwise not allowed under applicable law. The Registrant expressly agrees and accepts that he or she shall not be entitled to claim any compensation or refund from the Registry when the latter implements such instruction. The Registry is also entitled to do so if it is of the opinion that the Applicant and/or Registrant does not meet all of the Eligibility Requirements in force at that time and such non-compliance could directly or indirectly damage, impair or disrupt the reputation and/or activities of the Registry, the integrity of the .pru brand and/or any of the Registry's trademarks.

3.4. The Registry shall at all times be entitled to determine at its sole discretion the name servers for each Domain Name, and the services associated therewith. Whenever parties other than the Registry will be entitled to register Domain Names in the .pru TLD or obtain the delegation of certain roles and responsibilities with respect to such Domain Names (as indicated in the additional Contacts associated with such Domain Names), the Registry will develop a policy as regards the name servers and services associated with such Domain Names.

The Registry shall at all times be entitled to define and introduce a verification process in order to confirm that the Application and/or Domain Name Registration has actually been made by a party meeting the Eligibility Requirements in force during the respective Phases.

CHAPTER 2. The .pru Launch Process

Article 4. Purpose and principles

4.1. These Policies contain the terms and conditions under which the Registry, Applicants and Registrants who meet the Eligibility Requirements are provided with the opportunity to reserve, apply for, register and delegate Domain Names in the .pru TLD.

4.2. At any time following the entry into force of the Registry Agreement, the Registry may reserve, register and delegate any of the Domain Names contained in Annex 1 for its own use. The Registry may change such Annex 1 at any point in time and at its sole discretion.

4.3. Any and all Applications or Domain Name Registration requests must be submitted to the Registry's Shared Registration System through an Accredited Registrar, who acts on behalf of the Applicant or Registrant, but for its own account.

4.4. However, the Registry will only effectuate a Domain Name Registration insofar and to the extent that:

- the Registrant meets the Eligibility Requirements;
- the Domain Name meets all the criteria set out in these Policies;
- the Domain Name is available; and
- the Domain Name is not prohibited by ICANN

4.5. Any Application submitted during the Pre-Launch phase, the Trademark Claims Period, or General Availability must meet the relevant terms and conditions as set out in these Policies. All conditions that are not indicated to relate to a specific phase or process (such as, but not limited to, the Eligibility Requirements) apply to all Applications and/or Domain Name Registrations.

4.6. Furthermore, if the Registry is informed of the fact that a third party holds an Eligible Trademark to a Domain Name, the Registry shall be entitled to suspend or to cancel such Domain Name Registration at its sole discretion, at least until sufficient safeguards, representations and warranties have been obtained from the Registrant and the parties who have directly or indirectly initiated such trademark claim.

Article 5. The .pru Pre-Launch Phase

During the Pre-Launch Phase, the Registry is the only party entitled to register Domain Names in the .pru TLD. During this Phase, the Registry shall only register and use Registry Reserved Names.

Article 6. Trademark Claims Period

Trademark Claims Services shall be provided during the first ninety (90) days following the Launch.

Article 7. Processing of Applications; Exchange of Information

All Applications shall be submitted to and Domain Name Registrations maintained with the Registry by an Accredited Registrar.

Considering the fact that the Registry's Shared Registration System is the one and only authoritative database for Domain Names registered in the .pru TLD, neither the Registry nor the Trademark Clearinghouse Operator shall be entitled to amend or cancel Applications or Application Data, unless such Application Data has been processed through the Trademark Clearinghouse.

Supplementary information may be requested via email or other communication media as appropriate. Under normal circumstances, the Accredited Registrar is responsible for all Applications submitted as specified in the Registry-Registrar Agreement. Assistive notifications or requests for (additional) Documentary Evidence may, however, be sent to the Applicant directly by the Accredited Registrar.

CHAPTER 3. Domain Name Allocation

Article 8. Domain Name Allocation for Registry Reserved Names

The Registry shall determine at its sole discretion how and when the Domain Names mentioned on the list contained in Annex 1 hereto shall be registered and used.

Article 9. Domain Name Allocation during General Availability

The Registry shall effectuate such Domain Name Registration on a first-come, first-served basis, subject to the terms and conditions laid down herein. This entails that, in principle, the first complete and technically correct request to register a Domain Name submitted by an Accredited Registrar and received by the Shared Registry System will result in a Domain Name Registration.

CHAPTER 4. Dispute Resolution Policies

Article 10. Disputes relating to registered Domain Names

10.1. Every Registrant acknowledges and accepts:

- that any proceedings concerning a Domain Name must be conducted before the Arbitration Center of the World Intellectual Property Organization (WIPO) in accordance with the UDRP, the Rules for UDRP and any relevant supplemental rules, as made available on <http://www.wipo.int/amc/en/domains/rules/> and/or the Rules for URS and any relevant supplemental rules, as made available on <http://newgtlds.icann.org/en/applicants/urs>; and
- to participate in good faith in any Domain Name dispute initiated by a third party complainant under the UDRP against the Registrant in compliance therewith and with the Rules for UDRP and/or URS.

10.2. Unless agreed upon otherwise by the parties to a Domain Name Dispute or otherwise stated in the agreement between the Registrant and its Registrar, the language of the proceedings shall be the language of that agreement.

10.3. Any party may make a request to the Disputes Point of Contact for further clarification or information with respect to an Application or Domain Name Registration prior to or following the procedures published on the Registry Web Site. The Disputes Point of Contact may mediate between the complainant and the Registrant and shall have the right and the powers to suspend, cancel or delete an Application or Domain Name. No fees are charged by the Registry or the Disputes Point of Contact in connection with any such mediation or remedy, which shall also be the only remedy available to the complainant.

Article 11. Eligibility Reconsideration Proceedings

11.1. If, after an *ex officio* review by the Registry and/or following submission of a complaint to the Disputes Point of Contact, the Registry determines that the Registrant or Domain Name Registration in question did not meet the Eligibility Requirements, the Registry will notify the Registrant of such failure to meet the Eligibility Requirements.

11.2. The Registrant has ten (10) working days following the notification referred to in Article 13.1 in order to ensure that it is in compliance with the Eligibility Requirements.

11.3. If the Registrant is not in compliance with these requirements within this timeframe, the Registry will be entitled to suspend and/or delete the respective Domain Name(s) of the Registrant with no refund of any fees or any other liability to the Registrant.

11.4. No Applicant and/or Registrant shall be entitled to any form of compensation, damages or refund as a result of a decision by the Registry to suspend or delete a Domain Name, and/or following the implementation of such decision.

Article 13. Term of Registration

13.1. When registering a Domain Name, the Applicant / Registrant must select the number of years for which the Domain Name is registered. The Term shall commence on the date of registration or renewal of the Domain Name, and shall expire on the same day of the month within which the Domain Name was registered.

13.2. The Registry is under no obligation to inform the Registrant in advance when the Term is about to expire.

13.3. The Registry may terminate any Registered Domain Name at any time and for any reason, by giving the Registrant a notice of at least 180 (one hundred and eighty) calendar days, without the Registrant being entitled to any compensation, refund or damages whatsoever.

Article 14. Amendments

14.1. The Registry may amend the provisions of this Policy from time to time, which amendments will take effect at the time they are published on the Registry Web Site (or any other timeframe indicated therein), without prior notice to Accredited Registrars, Registrants and/or Applicants. 15.2. To the extent allowed under applicable law and unless provided otherwise herein, the Registry's aggregate liability for damages shall in any case be limited to the amounts paid by the Accredited Registrar to the Registry in relation to the Application concerned (excluding additional fees paid by the Applicant to the Accredited Registrar or reseller). The Applicant agrees that no greater or other damages may be claimed from the Registry (such as, but not limited to, any fees payable or paid by the Applicant in the context of any proceedings initiated against a decision by the Registry to register or not to register a Domain Name).
