PRUSECURE ADVISOR CURRENT RATES

Effective Date: 7/15/2025

The Prudential PruSecure Advisor[®] Fixed Indexed Annuity is a single premium, long-term contract that gives you the opportunity to grow your account value by earning interest based on the performance of one or a combination of indices and terms, each with a cap rate OR participation rate, as shown below. This rate sheet provides the initial cap rates and participation rates for each index-based strategy term and the interest rate percentage for the fixed rate strategy currently offered. Rates set by Prudential are subject to change at any time. For the latest rates, please visit prudential.com/prusecure-advisor-par-rates. Please see page 2 for important information about renewal rates.

The 5-year index term can only be elected at contract issue and cannot be renewed. Cap Rate: The maximum amount of potential gain if the index return is positive. **Participation Rate:** The percentage applied to any positive index return used in calculating the index credit.

Annuities are issued by Pruco Life Insurance Company.

For complete information about the annuity, please refer to the Important Information Disclosure Statement and product brochure, which are available from your financial professional. All products and/or options may not be available in all states or with all broker-dealers. If you need assistance in reading this document, click <u>here</u>.

Issuing company is located in Newark, NJ (main office). Pruco Life Insurance Company, a Prudential Financial company, is solely responsible for its own financial condition and contractual obligations.

This material is being provided for informational or educational purposes only and does not take into account the investment objectives or financial situation of any client or prospective clients. The information is not intended as investment advice and is not a recommendation about managing or investing your retirement savings. If you would like information about your particular investment needs, please contact a financial professional.

Annuity contracts contain exclusions, limitations, reductions of benefits, and terms for keeping them in force. Your licensed financial professional can provide you with costs and complete details. Your needs and suitability of annuity products and benefits should be carefully considered before investing.

Renewal rates may be higher or lower than the initial rates but will never be less than the Guaranteed Minimum Rates. Subsequent rates may differ from the rates used for new contracts or for other contracts issued at different times. Renewal rates are impacted by changes in various economic factors. Please speak with your financial professional for more information.

Withdrawals and distributions of taxable amounts are subject to ordinary income tax and, if made prior to age 59½, may be subject to a 10% additional tax, sometimes referred to as an additional income tax. Withdrawals reduce the account value and death benefits. Please note that withdrawals are not eligible for any future credits and may be subject to a Market Value Adjustment.

All references to guarantees arising under the annuity contract guarantees, any fixed account crediting rates, index-based interest crediting or annuity payout rates are backed by the claims-paying ability of the issuing company. Those payments and the responsibility to make them are not the obligations of the third-party broker-dealer from which this annuity is purchased or any of its affiliates.

Bloomberg Commodity Index reflects changes in a broad range of commodity futures prices, from crude oil and coffee to gold and cattle.
