

The Prudential SurePath® Income Fixed Indexed Annuity is a single premium, long-term contract designed to provide guaranteed lifetime income and protect your principal from loss. In return for your premium payment, you receive certain benefits. It also gives you the opportunity to grow your future income without exposure to negative stock market performance.<sup>1</sup> Your money can grow by earning interest based on the performance of a stock market index, such as the S&P 500®, but it is not invested in the stock market or specifically in the indices. *You can choose a combination of indices and terms, each with a cap rate OR a participation rate, as available, along with the fixed rate strategy.*

This rate sheet provides the initial rates and percentages currently offered on SurePath Income. Rates are set by Prudential, are subject to change at any time, and are current as of the effective date listed above. Renewal rates may be different than those listed below.
