Introducing Prudential Final Expense Life Insurance.

Prudential Final Expense Life Insurance provides a quick and easy way for you to get life insurance coverage. With this coverage in place, money will go directly to your designated beneficiaries after you pass.

That means your loved ones can use the money to help offset funeral or burial expenses, which can cost an average of \$12,500 to \$17,250.¹ They can also use the money to pay for medical bills, legal fees, or other debts. Having these funds may help prevent your loved ones from selling assets to pay for final expenses.

Here are more benefits:
