⁴ The Living Needs BenefitSM is an accelerated death benefit and is not a health, nursing home, or long-term care insurance benefit and is not designed to eliminate the need for insurance of these types. There is no charge for this rider but, when a claim is paid under this rider, the death benefit is reduced for early payment, and a \$150 processing fee (\$100 in Florida) is deducted. If more than one policy is used for the claim, each policy will have a processing fee of up to \$150 deducted (\$100 in Florida). Portions of the Living Needs BenefitSM payment may be taxable, and receiving an accelerated death benefit may affect eligibility for public assistance programs. The federal income-tax treatment of payments made under this rider depends upon whether the insured is considered "terminally ill" or "chronically ill" and, if the policy is business related, whether the insured is receiving the benefits. We suggest that clients seek assistance from a personal tax advisor regarding the implications of receiving Living Needs BenefitSM payments. This rider is not available in Minnesota to new purchasers over age 65 until the policy has been in force for one year, and the nursing home option is not available in California, Connecticut, Florida, Massachusetts, New York, or the District of Columbia. This rider is not available in Washington state. In Oregon, term policies must include the waiver of premium benefit to be eligible for this rider.

⁵ Available for an additional cost.
